BY ERIN HEALY

5MinutesforBooks.com

“A **smartly written story** ... both thoughtful and impacting even for readers who don’t share the same belief system. A mysterious tone permeates this novel, and the ... concept of immortality, both in body and in legend, are explored through different characters. Those unfamiliar with [Erin Healy’s] work, or even the genre, should give this captivating novel a read.”

The Christian Critic

“*The Promises She Keeps* is a book that defies simple description. Complex characters, **a plot steeped in imagery and eloquence, and a theme that rests its basis on the greatest of themes** ... *The Promises She Keeps* is no light read. Sure, it can be read as such, but to do so would be to miss the beauty of the truth Story within. Just as in her first solo novel, *Never Let You Go*, Healy creates memorable and unique characters that leap off the page. Her depictions of both autism and cystic fibrosis ring true to life and bring depth to the characters. ... Healy thrives when telling tales of spirituality and mystery—those stories where the realm of the supernatural just barely kisses this realm—and this is what defines *The Promises She Keeps*.”

The Christian Manifesto

“In an elegantly written novel that explores life and death, truth and deceit, light and shadow, *The Promises She Keeps* is **a gripping supernatural drama with warm characters** that make it hard to put down. With both of Healy’s solo books, she’s managed to effortlessly capture a dark and brooding mood. She sets a restless tone early and maintains it gracefully throughout with a smoothness that’s truly astounding. A beautifully written novel.”

Crystal Book Reviews

“Erin Healy’s latest novel is a page-flipping foray into what we so often glibly label ‘good’ and ‘evil,’ ... and **a journey through the layers of magic and dreams that will leave the reader thrilled**, questioning, and celebrating what is! Delightful.”

Genre Go Round Reviews

“This is **a strange, whimsical, character-driven tale** that hooks the audience from the opening scene ... and never slows down as the reader will be stunned with a shocking late twist. The key to the thriller besides the well-developed four lead characters is somehow author Erin Healy. She makes the impossible seem possible even when it seems over the top of Mount Hood. An exhilarating tale.”
